Reports from committees, council members, and other officers:

Update on Toby Show by Shane Bridges. Shane passed around flyers on the tent shows. He stated that the turn out for last weekend was good considering the rain and ballgame going on.

Shane also gave a list of sponsors who support the cultural arts for the city. These great sponsors are our local business people. It speaks well of the town that you all represent.

There is a different show every weekend. Everyone come out to the tent and have fun. No charge, but donations are welcome.

Lee Villaflor: Update on Phase 2- Parks & Recreation 99% complete. Fall ball will start next week. Auditor was here last week. Everything looks good. Sewer Plant project waiting on materials. This should be beginning by Halloween and finished by Thanksgiving.

Beech Bend generator at water intake. TVA have agreed to let us follow our original raw water easement. We will be going under Beech River by Robert Watkins property.

Mayor had to sign final permit application. We should be able to have a contractor by end of the year. CDBG people wants everything approved before letting out bids. Everything is ready. Water Plant generator is in the hand of FEMA waiting on approval.
