Mayor Boaz stated that there are some concerns. I think we need to be totally open that everyone knows what is going on. Mr. Quinn stated that he could the answers some of the questions from the other night. What this program does is to provide adequate housing for people who have physical disabilities as well as some that have mental limitations.

They are not mental ill, nor are they dangerous. The way the programs works we have to make a thirty year commitment with the state. The State monitors our program every year for thirty years. They come in and inspect homes, how the money is spent, and how the people are taken care of.

I cannot tell what age that they would not be any children. They cannot tell me the age because people have not been chosen. Since the people have not be chosen they cannot tell me the amount of care they will be given.

The amount of care is base on the amount of disability the people have. They will have a job, they will be pick-up in the mornings, do their jobs, and be brought back home, and taken care of until bed.

I cannot granteer that there will be a nurse on staff for 24 hours a day, at the building. They case the care on what is needed. We would like the community to be aware of this program, and what will take part here.

## **Special Called Meeting October 22, 2008**

Joseph Fisher state that he had asks several questions at one of the meeting. I have even went around and ask if they would have any problem with this type of Facility, I asked everyone on East Eight and Georgia Ave South. They did not have a problem with this, but I did not ask anyone on Kentucky Ave South.

Mayor stated do we need to have an open hearing on this and notify the people involved with this. Dale Reynolds made the suggestion to have an alternate section to look at this hearing.

Will states that they have look at the Burton property on Georgia, but no one has talk to them on price.

This will focus on Decatur County Residents who will need houses. The maximum that could live here will be two or four counting the people who will help care for them. **Mayor stated lets have a special called meeting at 6:00p.m. Monday November 3<sup>rd</sup> . no action at this time**
